Note: This list will be forwarded to new physician board passers to give them options for public services in different areas of the Philippine health system (urban, rural, research, academe, public health, primary health care and other services), prioritizing government services and health care delivery for the poor and those in greatest need. Interested applicants are advised to communicate with contact persons directly. Careers for Health does not guarantee employment; however, Careers for Health is happy to link you to job opportunities. We would love to hear from you on your successful application and posting. Also send us job opportunities that you know of. Email at careersforhealth.ph@gmail.com
